

**Mattamy Homes is excited to announce that we have partnered with White-Water West to bring an international competition level FlowRider system to Solara Resort!**

### **What is a FlowRider?**

- Compact “wave-in-a-box” allows guests to try the thrill of surfing/wakeboarding in a controlled environment.
- Flowriding is ideal for participants of all ages and skill levels. With a tensioned fabric ride surface, it is about as safe as it gets for an extreme sport.
- Private lessons available for those wanting to raise their skill level and learn complex tricks.
